## PROFESSIONAL SUMMARY

Detail-oriented and motivated Data Analyst with a Bachelor of Science in Computer Science and a passion for working with data. Skilled in creating dashboards, generating reports, and delivering meaningful insights through data visualization to support business decision-making. Proficient in Microsoft Excel, Microsoft Word, Google Sheets, and data entry, with foundational knowledge of MySQL, Power BI, and Python (NumPy, Pandas, Matplotlib, and Seaborn). Strong attention to detail, analytical and problem-solving abilities, and a commitment to maintaining data accuracy and quality.

## EDUCATION

**Bachelor of Science in Computer Science** — Sri Krishna Devaraya University, Kurnool | 2014–2017 | 62%

## EXPERIENCE

### ***Business Analyst – Turing | 2025–Present | Freelance***

- Analysed business requirements and translated them into functional documentation for global clients.
- Performed data analysis and reporting to support strategic decision-making and improve operational efficiency.

### ***Content Quality Analyst – CrowdGen | 2021–Present | Freelance***

- Reviewed and labelled large datasets with high accuracy for AI/ML model training.
- Performed content quality checks and reviewed annotations to maintain accuracy standards.
- Consistently achieved high productivity while meeting tight deadlines.

## PROJECTS

### ***Excel Sales Analysis Dashboard***

- Developed an interactive dashboard to analyse sales, profit, and performance metrics using Pivot Tables, Charts, and Slicers.

### ***Power BI – Meta AI Performance Dashboard***

- Built an interactive dashboard to track campaign KPIs including CTR, CPC, conversions, and ROI; created data models and DAX measures.

### ***SQL – Pizza Sales Data Analysis***

- Analysed structured datasets using SQL to extract actionable insights; used joins, aggregations, and window functions.

### ***Sales, Profit & Customer Metrics – Excel***

- Interactive Excel dashboard analysing sales, profit, customer metrics, regional performance, targets, and customer satisfaction using Pivot Tables, KPIs, and visualizations.

## TECHNICAL SKILLS

- **Excel:** Pivot Tables, XLOOKUP/VLOOKUP, Data Cleaning, Charts, Dashboards
- **SQL/MySQL:** Joins, Subqueries, Window Functions, Aggregations
- **Power BI:** Dashboard Development, Data Modelling, DAX
- **Python:** Pandas, NumPy, Matplotlib, Seaborn, Data Analysis, Visualization
- **Tools:** Microsoft Word, Google Sheets, Data Entry

## ROLE-FOCUSED SKILLS

**Data Analyst:** Data Analysis, Data Cleaning, Data Visualization, Dashboard Development, KPI Tracking, Business Intelligence, Reporting, EDA

**MIS Analyst:** MIS Reporting, Excel Dashboards, KPI Tracking, Data Consolidation, Data Validation, Performance Reporting, Trend Analysis

**Data Entry:** Data Entry, Data Validation, Data Verification, Data Cleansing, Data Formatting, Google Sheets, Accuracy & Quality Control

**Content Review:** Content Review, Data Annotation, Data Labelling, Quality Assurance, Accuracy Validation, Quality Checks, Error Identification

**Jira & Scrum:** Jira, Agile, Scrum, Sprint Planning, Backlog Management, User Stories, Issue Tracking, Kanban, Jira Dashboards

## CORE COMPETENCIES

Data Analysis • Data Cleaning • Data Visualization • Dashboard Development • KPI Tracking • Business Intelligence • Reporting • Exploratory Data Analysis (EDA) • Problem Solving • Attention to Detail

## CERTIFICATIONS

- Data Analyst – learntube.ai
- Microsoft Office (Excel, Word, PowerPoint)
- Domestic Data Entry Operator
- PGDCA (Post Graduate Diploma in Computer Applications)

## ACHIEVEMENTS

- School Topper
- Inter-College Topper

## ADDITIONAL INFORMATION

- Strong analytical and problem-solving skills
- Effective communication and teamwork
- Ability to work in fast-paced, data-driven environments
